Planning Clerk to file response with Hart District Council

8. Hampshire County Council School Catchment Area Changes Consultation

Members made the following points: -

1) Members were mindful of the policy to ensure that siblings are allowed to go to the same school as it would be unreasonable to place one family across more than one location

2) Members question the viability of Dogmersfield School as a catchment school as the distance is significantly longer both by car and by foot compared to the other options

RESOLVED

Members agreed a response to Strategic Planning Unit at Hampshire as follows: -

The walking distances and traffic implications of allocating multiple schools on this list to a family means that will remain important to continue the policy of siblings going to the same school. The extra distance to Dogmersfield both by road and walking, together with traffic flow issues at peak times on the shortest route by car, suggests that use of this option should be minimised
